

## Retirement Scheme

# Mobility Transfer From State Super or Local Government Super

## Who can apply?

Members who can apply are those who:

- were contributing members of either the State Superannuation Scheme (SSS) or Local Government Super (LGS) Retirement Scheme; and
- commenced employment with their EISS Super Scheduled Employer within three (3) months after the end of the month they terminated employment with their SASS or LGS employer; and
- have not attained their Early Retirement Age; and
- have not applied for payment (or rollover) of any part of their SASS or LGS benefits (including the Basic Benefit).

## What are members' rights in the Retirement Scheme?

The value of a member's accrued benefits (including the Basic Benefit) will be transferred into the Retirement Scheme. This value will be calculated in accordance with actuarial advice and will represent the value of the deferred benefit as at the date of transfer. The administrator of the former scheme will advise the member of the amount being transferred.

Members will be required to contribute to the Retirement Scheme at the same rate as would have applied in their former scheme. The new employer will be asked to continue deducting personal contributions from a member's salary at that rate and to forward those contributions to the Retirement Scheme.
