Change of Contribution Rate

Important information

Each year you have the opportunity to change your rate of contribution.

Your contributions will be adjusted to take account of any change in your Superable Salary up to 31 December and any variation in your elected percentage rate of contribution. This new contribution rate will become effective the next 1 April, after we receive this completed form.

You should monitor the amount of contributions made to your super account to ensure that you do not exceed the contribution caps. For more information, please refer to the fact sheets available at eisuper.com.au/factsheets.
