

Fund Profile at 31 March 2022

Conservative Balanced Investment Option

This option invests a predominant proportion in growth assets such as Australian and international equities, with the balance invested in defensive assets such as fixed income. This option is designed for members who expect to have their super invested for at least 5 years and who are willing to accept fluctuations in returns over the short to medium term.

Investment return objective

This option aims to achieve a return of CPI + 2.5% p.a. over 5 years (after fees and taxes).

Strategic asset allocation

Growth assets: 50% - 70%. Defensive assets: 30% - 50%.

Level of investment risk

Medium risk

The estimated number of negative returns in a 20 year period is 2-3 years.
